

## Advantage Partner

Ready for Guidewire Validated Integration

OneSpan Sign for Guidewire ClaimCenter equips claims adjusters, appraisers, and other parties to obtain secure eSignatures for any document originating from ClaimCenter. By eliminating manual document signing, it accelerates the claims process while capturing an audit trail of each signer's actions.

With OneSpan's Ready for Guidewire integration, insurers will be able to accelerate the document approval and completion process. A seamless workflow automatically triggers signing requests and downloading of signed documents back to ClaimCenter.

# OneSpan Sign for ClaimCenter

## The Insurer Challenge

Insurers are realigning their digital strategies across claims operations to drive down costs and improve the customer experience. Adopting a digital-first claims process empowers insurers to meet customers' expectations for faster resolution.

## The Solution: OneSpan Sign for Guidewire ClaimCenter

OneSpan Sign for Guidewire ClaimCenter is a modern and secure enterprise eSignature solution that enables claimants to easily eSign documents from any device. Insurers maintain an end-to-end digital workflow, from sending to signing to storage, with powerful pre-built automations that increase speed and productivity.

## Solution Benefits

- Transactions completed in 15 minutes (instead of days or weeks)
- Up to 90% reduction in NIGO rates – no more missing signatures
- Best price-per-value – customers have saved up to 75% over DocuSign
- Top G2 scores for ease of use, quality of support, and customer branding

## Integration Benefits

- Cloud native: Pre-built workflows get users up and running quickly with no additional training needed
- On-premises: Built-in UI for adhoc processes, with the flexibility to configure workflows

## About Partner

OneSpan provides security, identity, electronic signature, and digital workflow solutions that protect and facilitate digital transactions and agreements. The Company delivers products and services that automate and secure customer-facing and revenue-generating business processes for use cases ranging from simple transactions to workflows that are complex or require higher levels of security. Trusted by global blue-chip enterprises, including more than 60% of the world's largest 100 banks, OneSpan processes millions of digital agreements and billions of transactions in 100+ countries annually.
