OneSpan Sign

Top 10 reasons to choose OneSpan Sign

OneSpan blends 30 years in cybersecurity with 25 years of eSignature expertise. That's why OneSpan Sign combines convenience with security, in a way no other solution can.

Why choose OneSpan Sign

1: Higher completion rates

2: Security at the core

3: Best price per value

4: Easy to use

5: Built to grow with your needs

6: Reduced fraud

7: Globally available and compliant

8: All signature levels

9: Modern integrations platform

10: Our focus is on you

1: Higher completion rates

The reason OneSpan Sign is the industry's best-kept secret is because it's the white-labeled solution of choice for some of the world's most trusted brands.

White labeling puts your brand front and center, optimizing the signing experience and delivering up to 23% higher completion rates.

2: Security at the core

OneSpan Sign's security features lead the industry:

- A complete range of ID proofing & authentication options, to protect your clients and assets

- Digital signature technology encrypts each person's signature

- Tamper-evident: Document & signatures are visibly invalidated if changes are detected between signers

- A single, unified audit trail is generated for the step-by-step identity verification, authentication, and eSignature events in the transaction

- Audit trail permanently embedded in the document for easy verification and storage

- 1-click verification of document validity

3: Best price per value

We offer one of the most flexible and competitive pricing models on the market:

- Choose consumption tiers based on your need

- Save up to 75% compared to traditional eSignature vendors

- We will buy out your existing enterprise contract
  (Up to 12 months – some restrictions apply. Contact us for details.)

4: Easy to use

Whether you're a sender or signer, OneSpan Sign is easy for everyone to use. According to G2, OneSpan Sign outranks Docusign for ease of use, ease of setup, and ease of admin.

On desktops, laptops, tablets, and smartphones, our solution provides a seamless user experience to help you quickly and securely send and sign documents.

5: Built to grow with your needs

No matter what your requirements are, OneSpan Sign has you covered:

- A globally available solution

- The flexibility to sign on any channel, whether online, on mobile, or in-person, for convenience and higher completion rates

- Flexible workflows and signature capture options, for high completion rates

- The scalability to effortlessly grow with your requirements

6: Reduced fraud

OneSpan Sign's white-labeling capabilities provide an added security layer that helps protect your customers against phishing attacks by putting your brand front and center—no more sudden introduction of a technology vendor's brand mid-way through a high-value online transaction.

7: Globally available and compliant

Our solution is hosted in world-class data centers in North America, Europe, and APAC, backed by bank-grade security.

Our platform meets strict regional and industry requirements, and aligns with key certifications globally, including FedRAMP, Type2 SOC2, and ISO/IEC 27001/27017/27018.

8: All signature levels

OneSpan Sign helps you achieve all levels of signature (simple, advanced, and qualified) to meet your requirements. We have established integrations with a growing network of trust service providers (TSPs) across the globe. Our TSP partners are on the EU Trust List, enabling cross-border recognition of your electronic signatures in all EU member states.

9: Modern integrations platform

Easily connect eSignatures to the business application of your choice while ensuring your documents are secure. Choose from over 1,000 possible applications such as Salesforce, Workday, Greenhouse, Dynamics 365, Microsoft Office, Google Workspace, and more, with a single powerful automation solution.

10: Focused on you

We're consistently ranked as #1 in customer satisfaction and have a 93% satisfaction rate for Quality of Support on G2. With exceptional customer retention rates, we provide white-glove treatment and make your success our priority. Above all, we ensure that you feel like a valued customer, today and tomorrow.

About OneSpan

OneSpan provides security, identity, electronic signature, and digital workflow solutions that protect and facilitate digital transactions and agreements. The Company delivers products and services that automate and secure customer-facing and revenue-generating business processes for use cases ranging from simple transactions to workflows that are complex or require higher levels of security. Trusted by global blue-chip enterprises, including more than 60% of the world's 100 largest banks, OneSpan processes millions of digital agreements and billions of transactions in 100+ countries annually.
